Originated by ROBERT SCOTT AND SON. A red sport from Premier which was per-

COLOR.—Inside of petals bright velvety, cardinal red; outside of petals bright car mine red. Very brilliant under artificial light. FRAGRANCE .- The flower is very fragrant.

FRAGRANCE.—The flower is very tragrant. The Rose is similar to Premier except in color. The bud is long and pointed and much better form than Premier. Dark green foliage and a stronger grower; not quite as many petals as Pre-mier, which is an advantage. For Winter forcing it excels the parent. This Rose is destined to become our most popular Winter forcing Rose. We are sole agents for Robert Scott and Son in the disseminating of this new Rose and will offer scients for gratiling, graficed and own root plants. Prices will be quoted on application.

SILVER COLUMBIA FOR 1925. ALL SOLD FOR 1924.

LEONARD'S NEW SILVER COLUMBIA is not only the SPECIALIST'S ROSE, but EVERY GROWER'S ROSE.

It is more than an improved Columbia. It is a stronger grower, a larger and better flower, perfectly formed. Nevera a cripple bud or bull bead, and a much better producer. Roots and grafts perfectly, and as easy to handle, in every way as Columbia. Color, beautiful shade of deep silver pink, deepening in color as the flower opens. Awarded Silver Medal by the American Rose Society.

JOHNSON'S NEW CRIMSON CARNATION It is a seedling from Belle Washburn and Dors, witbout doubt as fine a color as 1 have ever seen in a crimson, has plenty of life, and, unlike mis crimsons, it positively does not burn or turn black on the edges. Even at this season of the year the color is still perfect. It is extremely free, a big flower, stiff, long stem, and while it is not fairly say it never splits, it is almost sufe to say that there are very few split blooms; a nice hash of growth and a good propagator. Rooted Cuttings, \$15.00 per 100, \$125.00 per 1000.
